

IMPORTANT INFORMATION – PARKCHARGEPAy FINLAND

Dear Customer,

We would like to inform you of an organizational change within ParkChargePay. Our operations are being centralized in Sweden, and going forward, sales, onboarding, support, and product development for the Nordic region and Europe will be managed from Stockholm by Modulsystem Sweden AB. As part of this change, all existing ParkChargePay agreements in Finland will be transferred from Semel Oy to Modulsystem Sweden AB. This transition will provide you with direct access to a highly experienced and consolidated team, ensuring efficient communication and continued high-quality service.

Kind regards,
ParkChargePay
Modulsystem Sweden AB

SALES DIRECTOR MATS MONIÉ PARKCHARGEPAy

The ParkChargePay business area will continue to be led by Mats Monié, who brings more than 25 years of experience as Business Director for the Parking and EV Charging segment. He comments on the change for Finland below:

“I would like to extend my sincere thanks to the Finnish team for their efforts in establishing our services in Finland. Based on the direction of the Semel Group board and our shared long-term vision, we see clear benefits in a centralized and coordinated ParkChargePay organization. With closer collaboration with our experienced onboarding team, we are confident that our Finnish customers will appreciate this change through faster support and access to high-level expertise when needed.”

PARKCHARGEPAy SUPPORT TEAM

ParkChargePay aims to deliver the market’s most modern and user-friendly payment systems for card payments for parking and EV charging. Our payment terminals are designed and manufactured in Sweden to meet demanding Nordic conditions, and our software is developed by our development team in Stockholm. With this organizational change, we are further strengthening our foundation for continued expansion in Finland and across the rest of Europe.
